IMPACT: Local

Summary of Legislation: This bill removes the requirements that: (1) items included in the 1972-1973 collective bargaining agreement between an employer school corporation and the school employee organization continue to be subjects for collective bargaining; and (2) a school employer be required to bargain collectively regarding hours of employment with the exclusive representative of certificated school employees of the school employer.

The bill repeals language: (1) requiring a school employer to discuss certain items relating to school employment, teaching methods, textbooks, and students with the exclusive representative of certificated school employees of the school employer; and (2) concerning recommendations from a school superintendent to the school employer.

The bill provides that a collective bargaining agreement in effect on June 30, 2007, is not affected by the removal or repeal of these requirements. It makes conforming amendments.

Effective Date: July 1, 2007.
